ABOUT ME

I'm a final-year IT undergraduate at Sri Lanka Institute of Information Technology (SLIIT), graduating in March 2026. My journey from academics to industry has been marked by a successful 6-month Software Engineering Internship at Gamage Recruiters (PVT) LTD, where I honed my skills in full-stack development. I worked extensively on both frontend and backend development, integrating APIs and managing database operations. I thrived in an Agile environment, contributing to code reviews, implementing unit tests, and utilizing Git for seamless collaboration. My technical foundation is built on the MERN stack, and I'm passionate about creating efficient, scalable web applications. I bring strong analytical thinking, problem-solving abilities, and a commitment to writing clean, maintainable code. I am excellent under pressure and am always eager to learn and adapt to new technologies.

WORK EXPERIENCE

TRANSPORT PLANNER – ECD GLOBAL (PVT) LTD – 09/2025 – 05/2026 – KATUNAYAKE, SRI LANKA

SOFTWARE ENGINEERING INTERN – GAMAGE RECRUITERS (PVT) LTD – 14/04/2025 – 24/10/2025 – SRI LANKA

- Developed and maintained full-stack web applications using React, Node.js, Express, and MongoDB
- Integrated RESTful APIs and third-party services to enhance application functionality
- Performed database operations including schema design, queries, and optimization
- Collaborated in Agile development environment with daily standups and sprint planning
- Conducted thorough code reviews ensuring code quality and best practices
- Implemented unit testing and debugging to maintain high software reliability
- Utilized Git for version control and collaborative development workflows
- Demonstrated strong analytical thinking and problem-solving in resolving technical challenges
- Delivered clean, maintainable code while meeting tight project deadlines

DATA ANALYST – ADELANKA (PVT) LTD – 12/07/2021 – 28/07/2022 – SRI LANKA

- Processed and analyzed large datasets to extract meaningful insights and patterns
- Developed data processing workflows to improve efficiency and accuracy
- Applied problem-solving techniques to resolve data inconsistencies and quality issues
- Collaborated with cross-functional teams to understand data requirements
- Created reports and visualizations to communicate findings effectively
- Maintained data integrity and ensured compliance with data handling procedures

SKILLS

Technical Expertise

Web Development | Full-Stack Engineering | Python | SQL | HTML | CSS | JavaScript | MERN Stack | UI/UX

Tools

MySQL | Postman | Git | MongoDB

EDUCATION AND TRAINING

10/02/2020 – CURRENT Malabe, Sri Lanka

BSC.(HONS.) INFORMATION TECHNOLOGY SPECIALIZED IN INFORMATION TECHNOLOGY Sri Lanka Institute of Information Technology (SLIIT)

04/03/2019 – 09/03/2020 Gampaha, Sri Lanka

INTERNATIONAL DIPLOMA IN COMPUTER SCIENCE IDM Nations Campus Sri Lanka

● **PROJECTS**

05/2025 – 08/2025
Veritas International Campus LMS

A comprehensive Learning Management System developed for Veritas International Campus, enabling course management, student enrollment, assignment tracking, and interactive learning experiences.
